

NTCAT SA603 SA603 U-CAT SA603 Catalyst

Overview:

NTCAT SA603 is a special catalyst for insulating coatings. This product can accelerate the reaction. In polyurethane products, it can reduce the isocyanate deblocking temperature and improve the peel strength of the product. For epoxy resin systems, this product can accelerate product curing.

At the same time, NTCAT SA603 can increase the insulation performance of the product and improve the high voltage breakdown value of the product. The use of NTCAT SA603 can improve the surface finish of the product.

NTCAT SA603 is mainly used in insulation coatings, adhesives and other industries.

The recommended amount of polyurethane industry is 0.1-0.3%.

The total amount of epoxy resin industry recommended to add 1-2%

U-CAT SA603 Catalyst is a high-efficiency insulating coating and adhesive catalyst. The main domestic manufacturers include Shanghai Xindian Chemical Materials, etc. with the brand name of NT CAT SA603.

Applications/Product Application:

SA603 Catalyst is a special catalyst for insulating coatings. This product can accelerate the reaction. In polyurethane products, it can reduce the isocyanate deblocking temperature and improve the peel strength of the product. For epoxy resin systems, this product can accelerate product curing.

At the same time, SA603 Catalyst can increase the insulation performance of the product and improve the high voltage breakdown value of the product. The use of SA603 Catalyst can improve the surface finish of the product.

SA 603 Catalyst is mainly used in insulating coatings, adhesives and other industries.

The recommended amount of polyurethane industry is 0.1-0.3%. The total amount of epoxy resin industry recommended to add 1-2%

Shelf Life/shelf life:

12 months.

Storage Information Store in a cool, ventilated warehouse. Keep away from fire and heat. Prevent direct

sunlight. Keep container tightly closed. It should be stored separately from oxidants and edible chemicals, and avoid mixed storage. Equipped with the appropriate variety and quantity of fire equipment. The storage area should be equipped with leakage emergency treatment equipment and suitable containment materials.

Storage and transportation:

Should be sealed and stored in a dry, cool and ventilated warehouse

package:

180KG/drum Storage: It is recommended to store in a dry and cool area with proper ventilation. After the original packaging, please fasten the packaging cover as soon as possible to prevent the water and other substances from mixing into the product and affecting its performance. Store in a cool, dry place, keep the container sealed and avoid contact with oxides. Do not breathe dust, avoid skin and mucous membrane contact. Smoking, eating and drinking are prohibited in the workplace. After work, shower and change clothes. Store contaminated clothing separately and wash it before reuse. Maintain good hygiene habits.

Company Name:	Newtop Chemical Materials (Shanghai) Co., Ltd.
Sales Manager:	Hunter
E-Mail:	Hunter@newtopchem.com
Tel:	+86 21-5161 9972

FAQ

Q1: May I get one sample before placing order?

Re: Yes, Sample are available. For normal products, samples are for free and you just need to bear the freight; For those high value products, you just need to freight and certain product cost. When we both cooperate for some times or when you are our VIP customer, free sample will be offered when you need.

Q2: Which payment is available for your company?

Re: T/T, L/C, You can choose the one which is convenient for you.

Q3: How and when can I get my goods after payment?

Re: For small quantity products, they will be delivered to you by international courier(DHL, FedEx, TNT etc.)

or by air. Usually it will cost 3-5days that you can get the goods after delivery.For large quantity products, shipping by sea is worthwhile.It will cost days to weeks to come to your destination port, which depends on

where the port is.

Q4: Is there any possible to use my appointed label or package?

Re: Yes. If needed, we'd like to use label or package according to your requirement.

Q5: How can you guarantee the goods you offer is qualified?

Re: We always believe honesty and responsibility are basis of one company, so whatever products we provide for you all are qualified.
